

# Nurturing Parenting Skills for Families in Supervised Visitation™

## Lesson 6.2: Expectations and Development of Children

**Goal:** To increase parents' awareness of the impact expectations have on growth and development.

Parent(s)

Name: \_\_\_\_\_

Children: \_\_\_\_\_

Date:		Arrival Time:
Staff:		
Lesson Competencies: Highlight Key Points of the parenting lesson and observed behaviors and interactions of the parent(s) during the class.		
<b>Parents can describe the impact of inappropriate expectations on their children's development and give examples.</b> <b>YES _____ NO _____ Comments:</b>		
Visit Summary: Describe the ways the parent(s) incorporated information from the parenting lesson into the visit by listing observed behaviors and interactions.		

**Note:** *The observations of the supervised visit were made in a controlled, supervised environment, which should not be used in isolation to predict behavior outside this environment.*
